Initial Setup and Use

We designed a pocket-sized case that works as hard as you do. Ready to use right out of the box, this case provides a robust, zero-assembly solution for organizing your personal care items within designated, secure compartments. For travel, it’s compact and secure. For use, it’s functional and hygienic: simply unfold or stand the case as intended to elevate your toiletries from the surface, ensuring everything is within easy reach on hotel counters, gym benches, or small shelves.

Maintenance

To ensure your pocket-sized toiletry case remains in optimal condition for every journey, simply wipe the exterior and interior periodically with damp cloth and mild soap. It is essential to avoid using abrasive cleaners or submerging the case in water. Always allow the case to air dry fully before repacking or storing. Finally, check the case occasionally for any signs of wear or damage to maintain its look and function.

Safety Information

Warning: Use the case solely for storing toiletries as intended. Keep out of reach of children to prevent choking risks. Do not place sharp or foreign items in the case. Extreme heat, open flames, or direct sunlight for long periods may cause deformations. Ensure not to use harsh chemicals, bleach, or abrasive cleaners on the case. Do not use the case if it shows signs of damage, cracks, or broken parts. Avoid slamming or forcing the case to shut as this can damage the connections or items stored. Ensure the case is securely closed before placing it in travel baggage. Avoid placing heavy items on top of the case to prevent breakage. Dispose of damaged cases in accordance with local plastic recycling guidelines. Do not burn the case or expose it to chemicals that could emit harmful fumes.

Warranty Information

The warranty is valid for 6 months from the date of purchase. During this period, the manufacturer will repair or replace the product if it is found to be defective due to manufacturing issues. Damage caused by misuse, abuse, or improper handling will not be covered. Damage resulting from accidents, drops, crushing, or exposure to extreme temperatures will also not be covered. Normal wear and tear, cosmetic scratches, or discoloration. Mold, mildew, or bacterial growth resulting from improper cleaning or storage is not covered under the warranty. Unauthorized repairs, modifications, or tampering with the product will result in the loss of warranty. Damage caused by using the product for purposes other than intended will not be claimed under the warranty. To Claim Warranty Service, provide proof of purchase and contact customer support. This warranty applies only to the original purchaser and is not transferable. The manufacturer is not responsible for incidental or consequential damages, including loss of personal items stored inside the case. Some jurisdictions do not allow the exclusion of certain damages, so these limitations may not apply to you.
